LOS ANGELES WINS NEXT ELKS REUNION.

Delegates at Dallas by Ballot Select This City by Majority Vote.

Angelenos Triumph in Hardest Fought Battle Ever Waged in Grand Lodge and Wrest the Convention Prize from Detroit, Whose Sharp Politics Are Unavailing—New Grand Officers Elected.

(BY DIRECT WIRE TO THE TIMES.)

DALLAS (Tex.) July 14.—[Exclusive Dispatch.] Texas intoxicated with joy over victory of Los Angeles. The Times' siren making hills and valleys reverberate with trumpet-tongued announcements of our triumph. Thousands preparing to come by special trains to Los Angeles in 1909. Biggest convention in history promised for our city. Admiring throngs crowd our headquarters for Los Angeles fruits and wines.

A. C. HARPER, JOHN G. MOTT.

DALLAS (Tex.) July 14.—[Exclusive Dispatch.] Los Angeles won the hardest-fought battle ever waged in the Grand Lodge of the Order of Elks. It looked all the way as if California was powerful enough to easily carry off the prize, but at the last moment Detroit developed an amazing strength, and, in addition, it was found that the machine of the Grand Lodge was against the Golden State.

For a little while there was consternation among the Californians, and then they settled down to a desperate fight, which would leave them entirely out of the running or carry the measure by storm.

Combinations were effected and trades exchanged which would have done justice to a state convention in California, and when the clearing came Los Angeles looked good to her backers.

There was one card left for Detroit, and she sprang it with a snap at the first session of the convention. Delegates had looked forward to voting on next year's reunion city, not earlier than tonight or tomorrow morning, and the initial session had convened with the idea that little would be done beyond the election of the officers, or what there would be no contest.

The session started off as scheduled and many of the delegates retired when they considered that nothing of deep interest would mark the session.

Then, just before the time of adjournment, Detroit sprang its coup by calling for a vote on the contested seats, and also upon the city for the next reunion. The adherents of Los Angeles felt their weakness, but dared not send a single voter from the hall to round up stragglers, so had to grimly stand by their guns, and hope for good luck in the count.

The vote was secret and at 1:30 o'clock p.m. everything had been polled by the tellers and nothing was left save to await the result of the count.

One thing was certain and that was the complete and unswerving allegiance of Texas. This gave some hope because the "Lone Star" delegation was polling more votes than any other State and it was certain that some few of the other pledged delegations would stand by California.

TEXAS STANDS FIRM. Slowly the throes dragged by and it seemed that the whole body of delegates had made Dallas a pandemonium stopped its antics to await the result. One thing was sure. Texas was with California and would rejoice or mourn over the result. From the very first the back had been no wavering on the part of these people who were the present-day hosts, and they waited with California for the decision with an interest equal to that of the Golden State delegation.

Then came a report that out of the first eighty votes Los Angeles had a lead of ten. Next the tellers told that California was losing. Finally, at 4:30 o'clock, a message came from the tellers that Los Angeles had won by a majority of 154 votes.

For a moment there was silence while the result was being confirmed, and then Dallas broke loose in such a wild rejoicing that one would have supposed the Texas city to be the one directly interested.

The facts are, Los Angeles had the sympathy of every visitor and a majority of those delegates who were whipped into line to vote against her while the Michigan city was backed by the machinery of the Grand Lodge and fostered by the political maneuverers of the men from Detroit. But their combination failed and what may rightly be called a reform element carried the day in Los Angeles' favor.

GRAND OFFICERS ELECTED. Detroit accepted her defeat gracefully and was among the first to congratulate the winning city.

The Grand Officers elected include the following: Rush L. Holland, Colorado, Grand Exalted Ruler.

John D. Shea, Connecticut, Grand Esteemed Leading Knight.

Martin S. Sayer, Indiana, Grand Esteemed Lecturing Knight.

A. M. McElwee, Texas, Grand Esteemed Royal Knight.

Fred C. Robinson, Iowa, Grand Secretary.

Eddie Leach, New York, Grand Treasurer.

The election of McElwee of Texas as Grand Esteemed Leading Knight was the result of Detroit's battle for the next reunion, as Michigan had put forward a candidate of this office whose election had been practically conceded prior to the developing of the strong fight between Los Angeles and Detroit.

DALLAS CELEBRATES. Dallas is tonight a blaze of light and her streets seem like the avenues of a carnival. Texas is rejoicing with California and is numerically the whole show with Los Angeles as a little boost on the side.

The Los Angeles headquarters at the Hotel Southern is "dotted" by a mob of visitors and Eastern delegations are already opening negotiations for their journey to Los Angeles in 1909. It is evident that Los Angeles is the city wanted for the reunion of 1909 and that the vote of the greatest gatherings that have ever crossed the continent.

Above all the noise The Times siren is sending up a joyful howl over California's success and contributing a vast volume of the myriad of sounds which will keep Dallas awake until the morning sun sends its shafts through the windows.

KATSURA IS FOR PEACE. New Japanese Premier Will Endeavor to Build up National Resources of Nippon.

(BY DIRECT WIRE TO THE TIMES.) TOKIO, July 14.—[Exclusive Dispatch.] The program of the reorganized Cabinet, of which Count Katsura is the head, includes peaceful relations with the powers, and recuperation of the national resources. While not ignoring political parties, the new ministry will stand on a national and not a party basis.

It will oppose any unwarranted increase of the military and naval armaments. Count Katsura temporarily will fill the office of Minister of Finance in addition to that of Premier. Count Katsura will be Minister of Foreign Affairs. The changes were officially announced this afternoon.

ROOSEVELT REACHES SYDNEY. SYDNEY (N. S. W.) July 14.—The Arc-the-steamship Roosevelt arrived today. Commander Taft and party are expected to arrive here tonight to join the Roosevelt.

FIND PAINTING BY RUBENS. WARSAW, July 14.—What is declared to be an original painting by Rubens, of the "Descent from the Cross," has been discovered in the Catholic Cathedral of St. Nicholas in this city.

ANOTHER FAKE. EXAMINER DUPED BY CRANK'S STORY.

(BY DIRECT WIRE TO THE TIMES.) SAN FRANCISCO, July 14.—[Exclusive Dispatch.] The Examiner this morning printed a three-page story giving in great detail the alleged confession of John Claudine, a Greek. Claudine declared that he had taken Jim Gallagher's house in Oakland the dynamite outrage that had been one of the recent criminal mysteries. The graft prosecution declared it was the work of the agents of the indicted rich men of San Francisco, as against the Greek.

John Claudine says his brother Peter planned the explosion and secured \$100 for the service, part of which he promised to pay John, but failed to do so. John hid the bomb and set it off, so he declares.

COMMANDER OF GREAT ATLANTIC BATTLESHIP FLEET.

Rear-Admiral Charles Stillman Sperry, from his most recent photograph, the ranking officer in command of the armada that is nearing Honolulu on its cruise around the world.

TAFT FLOWER IS CARNATION.

Nominations Given Hint of What to Expect in White Campaign.

(BY DIRECT WIRE TO THE TIMES.) CINCINNATI (O.) July 14.—[Exclusive Dispatch.] The Rev. J. Frederick of Newport, Ky., vice-president of the Evangelical Protestant Ministers' Alliance, wrote to Judge Taft, asking him what is his favorite flower. He received a reply today stating that the white carnation is the Republican nominee's most admitted bloom.

It is Frederick's idea to have the white carnation used in the present campaign.

NEARING PORT. LEPEERS WILL GREET FLEET.

UNFORTUNATES ON MOLOKAI PURCHASE DAY FIREWORKS.

Battleships Under Rear-Admiral Sperry Are Nearing Honolulu With the Nebraska Only Fifty Miles Behind—Wireless Establishes Communication With Island.

(ASSOCIATED PRESS NIGHT REPORT.) HONOLULU, July 14.—The lepers located on the island of Molokai have purchased a large quantity of daylight fireworks, which will be used to salute the Atlantic battleship fleet as it passes the island. A large piece which, on its explosion, will form the word "Welcome," has been placed in a position of vantage.

The refrigerator ship Glacier, now here, was in communication with the flagship Connecticut today by wireless.

The Kahuku wireless station last night caught a message sent by the cruiser Washington.

A serious fire, which has been raging in the naval coal shed, is now under control.

(ASSOCIATED PRESS NIGHT REPORT.) ON BOARD U.S.S. CONNECTICUT, AT SEA (By Wireless to Honolulu) July 14.—The position of the fleet at 8 p.m. was 28.14 north; 149.5 west.

The Nebraska is fifty miles behind the fleet, and is now in wireless communication with the flagship, having averaged thirteen and one-half knots an hour since leaving San Francisco.

The fleet will arrive at Honolulu in the afternoon, showing increased proficiency on the part of the ships of the fleet.

GUAM PEOPLE CORDIAL. (ASSOCIATED PRESS NIGHT REPORT.) GUAM, July 14.—The battleships Maine and Alabama, composing the service squadron, sailed today for Manila. During the stay of the battleships here, a board of officers has inquired into the condition of the island and needs of the people, with a view to offering recommendations as to the future government of Guam.

Intense enthusiasm was aroused at public hearings and mass meetings which were preceded by processions with banners. The people petitioned for citizenship, modified laws and schools, and for a more liberal continuance of naval government.

Hundreds of well-behaved sailors came ashore during the stay of the battleships, and were cordially received by the people of the island.

GENEROUS AMERICAN. GIVES AUSTRIA PASTEUR PLANT.

NATHAN STRAUS EXTENDS WORK OF SAVING BABIES' LIVES.

Cabinet Ministers and Other Dignitaries Attend Demonstration at Vienna—Other Cities Are to Be Equipped by the Famous New York Philanthropist.

(BY DIRECT WIRE TO THE TIMES.) VIENNA, July 14.—[Exclusive Dispatch.] Nathan Straus of New York, brother of the United States Secretary of Commerce and Labor, has donated to Austria complete for installation a milk-pasteurization plant (and Dr. Blenker, Minister of the Interior, has accepted it).

Mr. Straus promises that if the plant, which will be erected in Vienna, operates successfully, he will install similar plants in other towns of Austria. Mr. Straus's demonstration of his pasteurization method during the past fortnight has been attended by Cabinet ministers and other prominent persons. The gift is especially valuable to Vienna, where the rate of infant mortality is high.

Nathan Straus is a New York merchant and philanthropist. In 1890 he originated and has since maintained at his own expense a system of distributing sterilized milk to the poor of New York City, which, according to health statistics, has saved thousands of lives.

INSURGENTS HOLD HONDURAN CITY.

Ceiba Merchant, Arriving in New Orleans, Says Siege Will Overthrow Davila Government and Reinstall Bonilla.

(BY DIRECT WIRE TO THE TIMES.) NEW ORLEANS, July 14.—[Exclusive Dispatch.] Elias Maseras, a merchant of Ceiba, Spanish Honduras, arrived here tonight on the United States steamship Vacaro and declares that it is only a question of a short time when the Davila government will fall, and ex-President Manuel Bonilla be reinstated.

He brought the first news of the investment of Ceiba by insurgents. The town is surrounded by a thousand insurgents, and is defended by about five hundred government troops, but this number is daily increasing by desertions to the besiegers.

Wednesday night one of the biggest stores in Ceiba was fired in the hope of getting the troops to leave the fort and put out the fire. In the meantime the insurgents were to capture the fort and take the town. Citizens put out the fire, however, and the troops did not leave the barracks, so one coup failed.

Many rumors have reached the coast from the interior but nothing definite is known. It is reported that a large force is marching on Tegucigalpa, the capital. Lee Christman, the American major-general under the Bonilla government, who has been living in Guatemala City for nearly a year, is reported to be off Puerto Cortes with a formidable force, awaiting opportunity to capture the town.

A train which arrived from San Pedro brought the news that Gen. Gutierrez had arrived at Choluteca, and that fighting had begun between the government soldiers and the revolutionists.

According to the advice by the train crew, the attack upon Choluteca followed the capture of the town of Gracias by the government forces.

Recruiting in the Honduras cities continues and every preparation is being made for extensive operations against the revolutionists in case it develops that they are really receding material from the other Central American republics.

NEW BOOMS STARTED. Prohibitionists Have Ample Material from Which to Select Presidential Candidates.

(ASSOCIATED PRESS DAY REPORT.) COLUMBUS (O.) July 14.—Following the word today of Seaborn Wright's declaration to run for President, two new Presidential booms came to the surface in the Prohibitionist's national convention.

One was Joshua Levering, who arrived today from Cumberland, Md. He is a well known business man and one of the leading Baptists of the country. Another was for Clinton N. Howard of Rochester, N. Y.

Michigan is here in force, distributing literature and a model platform for Joseph P. Tracy, the wealthy salt man, the platform charging the Republican party with turning Hawaii, Alaska and the colonies over to the liquor interests, attacking the present administration of the War Department for alleged servility to the liquor interests and commending the President for attempts at conservation of the natural resources.

HENEY WANTS TO QUIT. Says He's Like Man With Hand on Bear's Tail; "I'll Never Take Hold Again."

(ASSOCIATED PRESS NIGHT REPORT.) SAN DIEGO, July 14.—Henevy, who has been making a brief address in this city, addressed a large gathering here this evening. In the course of his speech, referring to the San Francisco graft prosecutions, he said: "I liken myself to a man with his hand on a bear's tail. If any one will help me let go, I will never take hold of it again."

Another Start Will Be Made Today in Air Effort to Remove the Air Twenty-four Hours—Side, Steering Gear Breaks Down and is Temporarily Mended While Flying.

(ASSOCIATED PRESS DAY REPORT.) FRIEDRICHSHAFEN, July 14.—The Zeppelin airship was compelled to come back because of a breakage of the side steering gear, after having been in the air one hour and thirty-five minutes.

The break was repaired temporarily in mid-air, but it was deemed advisable not to continue the voyage and the airship was brought back to her moorings on the lake. She restarted her shed and the passengers disembarked.

Another start will be made tomorrow. The occupants of the car were Count Zeppelin, his nephew, Count Ferdinand Zeppelin, Prof. Heggen, representing the Ministry of the Interior; Capt. Mischke of the navy; Majors Heese of the general staff, Lehman of the War Ministry and Speerling of the balloon regiment of the navy engineers and mechanics.

The airship made a successful departure from its shed on Lake Constance at 2:22 o'clock this afternoon on its much-delayed twenty-four-hour trip through the air. It started in the direction of Constance and sailed majestically away.

When the King and Queen of Wurtemberg reached the vicinity of the floating fort on board the royal motor boat at 3 o'clock enthusiastically cheering for their Majesties and the airship sounded over the lake.

The airship emerged from her floating house stern foremost. She slowly reached the open lake, and was clear of her shed, and with her keel even with the surface of the water. She hung in the air like a giant leviathan, forced by some mysterious power of the elements which should be its home. The supporting pontoons were rapidly withdrawn by a numerous detachment of the balloon corps, and then, amid rars of applause from the boats on the lake, the crew and passengers were lowered.

(Continued on Fourth Page.)

MO ASK BIG LAIR NAVY.

Army Men Favor Balloons.

Request Congress Through War Secretary to Furnish Fleet.

Want Airships to Guard the Ports on Pacific and Atlantic Coasts.

Los Angeles and San Diego Among Places Mentioned by Officers.

(BY DIRECT WIRE TO THE TIMES.) WASHINGTON, July 14.—[Exclusive Dispatch.] Airships as large and as powerful as the one which carried Count Zeppelin through a part of the sky above Switzerland recently, signal officers of the army believe should be provided as auxiliaries for the coast defense of Boston, New York, the entrance to Delaware and Chesapeake Bays, Charleston, Key West, New Orleans, Los Angeles, San Diego, San Francisco and Bremerton Naval Station.

The whole corps, from the chief signal officer down to the youngest second lieutenant, will make a recommendation to that effect to Secretary Wright, who, they hope, will be able to persuade President Roosevelt to ask Congress for the money wherewith to buy an aerial fleet.

An appropriation of \$1,000,000, it is figured, would enable this government to overcome the lead other governments have taken in the matter of an aerial navy. Therefore that is the sum they will suggest to Secretary Wright as proper to be requested.

They will request him to ask Congress to appropriate money for buying Zeppelin ships enough to furnish each of the important ports of the country with one to be used against hostile fleets should ever any appear.

The War Department has contracts with three aeronauts to furnish model airships. T. S. Baldwin is to furnish one on June 27; A. M. Herring, one on August 13; and Wright brothers the third on August 28.

The trial trips of the three are to take place within a month from the date of delivery. Acceptance or rejection will depend upon performance on these trial trips which are to be begun from Fort Meyer, across the Potomac from Washington. Baldwin is to furnish a dirigible balloon while the others are to be aeroplanes.

Not one of the three is to be much more than a good working model, while the Zeppelin type ships are of size and stability equal to the carrying of a load of high explosives and to crew to use it, at the same time being able to sail faster than anything now in any navy, except a few fast torpedo boats.

ILL-LUCK. AIRSHIP FAILS IN BIG FLIGHT.

ZEPPELIN BALLOON MEETS WITH SLIGHT ACCIDENT.

Another Start Will Be Made Today in Air Effort to Remove the Air Twenty-four Hours—Side, Steering Gear Breaks Down and is Temporarily Mended While Flying.

(ASSOCIATED PRESS DAY REPORT.) FRIEDRICHSHAFEN, July 14.—The Zeppelin airship was compelled to come back because of a breakage of the side steering gear, after having been in the air one hour and thirty-five minutes.

The break was repaired temporarily in mid-air, but it was deemed advisable not to continue the voyage and the airship was brought back to her moorings on the lake. She restarted her shed and the passengers disembarked.

Another start will be made tomorrow. The occupants of the car were Count Zeppelin, his nephew, Count Ferdinand Zeppelin, Prof. Heggen, representing the Ministry of the Interior; Capt. Mischke of the navy; Majors Heese of the general staff, Lehman of the War Ministry and Speerling of the balloon regiment of the navy engineers and mechanics.

The airship made a successful departure from its shed on Lake Constance at 2:22 o'clock this afternoon on its much-delayed twenty-four-hour trip through the air. It started in the direction of Constance and sailed majestically away.

When the King and Queen of Wurtemberg reached the vicinity of the floating fort on board the royal motor boat at 3 o'clock enthusiastically cheering for their Majesties and the airship sounded over the lake.

The airship emerged from her floating house stern foremost. She slowly reached the open lake, and was clear of her shed, and with her keel even with the surface of the water. She hung in the air like a giant leviathan, forced by some mysterious power of the elements which should be its home. The supporting pontoons were rapidly withdrawn by a numerous detachment of the balloon corps, and then, amid rars of applause from the boats on the lake, the crew and passengers were lowered.

RAILROAD RECORD.

WILL TEST
NEW DEVICE.

Railroad Man Says Collisions
Are Preventable.

Important Inspection to Be
Made Friday.

Apparatus Will Stop Trains
Despite Crows.

(BY DIRECT WIRE TO THE TIMES.)
CHICAGO, July 14.—[Exclusive Dispatch.] It is possible to prevent both head-on and side-swipe collisions between railroad trains, whether on single or double track.

George W. Ristine, president of the Tennessee Central Railroad, declares that it is and that the joint committee of the American Railway Association will try to secure this invention by an inspection of safety devices which will be made on the Burlington road on Friday.

The inspection will be the first installation of safety devices which has been made under the direction of the Interstate Commerce Commission under the authority granted by Congress which appropriated \$50,000 for the purpose.

The committee will be taken by special train to a point on the Burlington main line between Eads and Aurora, where Howell and Potter, under the direction of the commission, have installed an automatic device for stopping trains when the engine crews have disregarded the stop signals.

It is stated that the device is such that when a train enters a "block," it sets a stop apparatus in motion, the automatic stop opens the air valve on the locomotive, setting the brakes and bringing the train to a full stop.

RAILROAD FOR ROCKEFELLER.

JOHN D. BUYING
MISSOURI PACIFIC

STOCK HAS BEEN PASSING INTO
HANDS OF "INTERESTS."

Established as Unofficial Fact That Rockefeller Has Been Securing Heavy Interests in Western Railroads Which Is Not New Paying Dividends.

(BY DIRECT WIRE TO THE TIMES.)
NEW YORK, July 14.—[Exclusive Dispatch.] That interests have been heavily into Missouri Pacific in the last year of eight months, has been well established as an unofficial fact. The Rockefeller interest in the property is now understood to be important. This is not, strictly speaking, a new interest, but its position is believed to be somewhat different from the former one.

It is understood that John D. Rockefeller personally was a large buyer last year and continued his purchases down to the low price touched this year (2 1/2 in February) and for some time afterward.

Since it sold at 2 1/2 the dividend has been discontinued and those familiar with the property believe it will be three years before the dividend may be properly resumed. The road needs all its surplus earnings for at least two years.

There is outstanding at the present time somewhat less than \$30,000,000 Missouri Pacific stock. Control would be represented by 10,000,000 shares, and at \$30 per share, the market value of Missouri Pacific at \$30,000,000.

TRAFFIC WAR.

ERIE WON'T GIVE
UP PITTSBURGH.

WILL CONSTRUCT NEW LINE IF
VANDERBILT ENTERS CITY.

Pennsylvania's interest in New River Road News to New York's Financial District—Building of Proposed Outlet Danger Faced by Erie for Several Years.

(BY DIRECT WIRE TO THE TIMES.)
NEW YORK, July 14.—[Exclusive Dispatch.] It is asserted in railroad circles that if the Erie is deprived of the Lake Erie and Pittsburgh by the Vanderbilt interests, and the Pennsylvania Railroad, and the Erie will probably extend the Sharon and New castle branch into Pittsburgh. Such a connection would give the road a direct line from Buffalo and New York to Pittsburgh.

The construction of the new Vanderbilt outlet from Pittsburgh, with or without the partnership of the Pennsylvania Railroad, is something that the Erie management has feared for several years, as the Vanderbilt road made no secret of their intention to build from Youngstown to Cleveland and Lorain. The fact of the Pennsylvania's interest in this new line, however, came as news to the financial district, although it is said to have been known to railroad men in Pittsburgh for some time.

The Pennsylvania-Vanderbilt entente seems to have grown closer and closer in recent years, particularly in Western Pennsylvania and surrounding territory. It is not exactly clear why the Vanderbilt road should not have and their own direct line from Pittsburgh to the Lakes and connecting with the western lines of the system, especially as the Pittsburgh and Lake Erie, with its enormous traffic, lies squarely in the path of such a development and furnishes a large part of the line.

DISCOUNT RATE INCREASE.
RAILROADS MAY LOSE.

(BY DIRECT WIRE TO THE TIMES.)
CHICAGO, July 14.—[Exclusive Dispatch.] Another phase of the rate question, has been brought up by opponents of the plan. The question has been asked rail chiefs, if they are certain the proposed advance of 10 per cent. will have the result of increasing earnings to an amount

ADVERTISE
DYING WIFE.

Well-to-Do Artist Won't Pay
Any Debts Made by Al-
luded Spouse.

(BY DIRECT WIRE TO THE TIMES.)
DENVER (Col.) July 14.—[Exclusive Dispatch.] "I will not be responsible for any debts contracted by my wife—A. C. Kohler."

This advertisement printed today came as a great shock to Mrs. Kohler, who is dying at the home of her mother, at No. 231 Irving street.

Kohler is an artist of considerable reputation, and is well-to-do. When his wife was taken sick some weeks ago he left her, but afterward returned. Now he has left her again, and his parting is the foregoing advertisement.

The Kohlers have three children, the oldest four years of age.

necessary to prevent any diminution in dividend rates, or if they are sure that it would result in any increase in earnings at all. It is asserted by opponents that the immediate result will be to cause a great decrease in consumptive demand, and this will bring about such a curtailment of traffic in the state as will not find themselves in receipt of any more earnings than they are at present. As a rule traffic men say this is an absurd proposition.

RAILROAD AT STAKE.

ESTATE SUES
FOR MILLIONS.

JUDGMENT WOULD ALMOST CON-
FISCATE UNION PACIFIC.

Heirs of Gov. Durkee of Utah Seek
to Recover Bonds Valued at Thirty-
six Million Dollars, Issued in
1885 for the Construction of the
Railway.

(ASSOCIATED PRESS DAY REPORT.)
SAN FRANCISCO, July 14.—A suit involving \$36,000,000 worth of bonds, with interest, was filed in the Federal Circuit Court here today by the heirs of the late Charles Durkee, a former Governor of Utah, against the Southern Pacific Railroad Company, the Union Pacific, Central Pacific and subsidiary companies, the Central Trust Company of New York and E. H. Harriman.

The plaintiffs ask the court to require the Southern Pacific company to account for the bonds, to make an accounting, and also to deliver to the plaintiffs the holdings of the defendant, Gov. Durkee was Chief Executive of the Territory of Utah, in 1885. It is alleged in the complaint that during the period of construction of the Union Pacific he secured \$3,000,000 worth of construction bonds, and that later he took \$29,000,000 of the first mortgage bonds. The plaintiffs claim an accounting was made for these bonds.

It is alleged the claim of Gov. Durkee to the bonds was acknowledged by C. J. Durkee, a former Secretary of the Treasury.

Another charge is that an effort to cancel the bonds, out of a just claim, was made by the Union Pacific Railroad was merged into the Union Pacific Railroad Company. The suit was filed in the Federal Circuit Court of the United States at San Francisco, Cal., by W. Wood of Washington, D. C.

Dividend Half-Cent Off.

NEW YORK, July 14.—The Nashville, Chattanooga and St. Louis Railroad company declared a semi-annual dividend of 1/2 per cent., which is a reduction of one-half of 1 per cent. from the regular semi-annual dividend.

JURIST TO WED AUTHORESS.

Marcus A. Kavanagh, Chicago's
Bachelor Judge, Will Marry
Hermine Templeton.

(BY DIRECT WIRE TO THE TIMES.)
CHICAGO, July 14.—[Exclusive Dispatch.] Among the intimate friends of Judge Marcus A. Kavanagh it became known today that Chicago's bachelor jurist is to claim Miss Hermine Templeton, a well-known story writer, as his bride, the wedding to take place some time next month.

Judge Kavanagh, who bears the title of colonel, by virtue of being commander many years of the Seventh Regiment, Illinois National Guard, is one of the well-known jurists of Chicago.

Miss Templeton is the author of "The Ghosts of Charles Mill," "Darby and Gribble," and many other short stories and novels. She is a native of England, but is now living in Chicago. The present plan is that she shall be married in the church where the wedding ceremony of Judge Kavanagh's parents was celebrated. After the wedding they will take a trip to Europe and make a visit to Aldershot, Eng., where Miss Templeton was born, and will tour Ireland, France and Italy.

FOUND DYING OF DRUGS.

SAN FRANCISCO, July 14.—A handsome, athletic young woman who registered at the Balboa Hotel on Eddy street last night as Mrs. M. E. Rodgers, was found, fully dressed, lying across the bed today dying from the effects of some narcotic poison. She was removed to the Receiving Hospital, where she died without regaining consciousness. She was about 30 years old and dressed in rich clothing throughout. As yet her identity is unknown.

TO OPEN NEW ROAD.

(BY DIRECT WIRE TO THE TIMES.)
CHICAGO, July 14.—[Exclusive Dispatch.] T. F. Dunaway, general manager of the Nevada, California, and Oregon Railway, today announced that his road will be completed between Reno and Atlantic, the county seat of Modoc county, Cal., by October 15, thus carrying to a successful conclusion a project which was started several years ago, and opening up to settlement what is announced to be one of the richest and most extensive agricultural sections in Northern California. The road already extends as far as Amador in Plumas county. With the completion of the extension the equipment of the road will be doubled to handle the increased business.

BRYAN HOODOO
ON DIPLOMAT.

Greek Minister's Remarks
Put Him in Hole.

Complications Expected from
Coromilas's Words.

Implied Preference Causes
Delicate Situation.

(BY DIRECT WIRE TO THE TIMES.)
WASHINGTON, July 14.—[Exclusive Dispatch.] Diplomats and officials in this city are eagerly expecting developments to follow the assertion made in Chicago by Coromilas, the Greek Minister, to the effect that "the opinions of Mr. W. J. Bryan carry great weight in Greece."

This statement, made at a time when the outcome of a nation's future policy depends upon the victory of one of two great political powers, is deemed preliminary to a series of diplomatic complications whose effect will be far-reaching and may act as a bar to the free action of the United States.

Diplomats are drawing a keen comparison between the assertion made by one Minister and the pointed declaration of Minister Wu Ting Fang of China, who expressed an opinion as to his own political tendencies. In fact, notwithstanding his repeated interviews recently, he even declined to commit himself as to the question which party might win.

How President Roosevelt will take Coromilas's opinion is a matter that is awaited with much interest, for it involves his party and his policies and has been voiced by a Minister accredited to him. Mr. Taft, furthermore, has indicated an opinion as to the matter, and his policy would be confronted with a number of delicate situations whenever dealing with Greek matters. Knowing full well that perhaps Mr. Bryan's policy covering any one individual case might be preferred to his.

PUBLIC HEALTH
CABINET CARE.

AGITATION FOR NEW DEPART-
MENT GAINING STRENGTH.

To Permit Appalling Life Waste in
This Country to Go on Unchecked
Is Evil More Destructive Than
Race Suicide, Declare Scientists.

(BY DIRECT WIRE TO THE TIMES.)
WASHINGTON, July 14.—[Exclusive Dispatch.] The movement for an executive department of the government to have charge of public health matters, and to be presided over by a Secretary of Public Health, is being strongly agitated just now. The effort to get such a department established is not a new one, but notice has lately been directed toward it by reason of the activities of the Committee of One Hundred on National Health of the American Association for the Advancement of Science.

In the literature that the Committee of One Hundred is sending out it is declared that the life waste in this country is appalling, that for a nation of the size of this, with a population of more than a hundred million, to have so much preventable death, is an evil more destructive than race suicide.

Four great wastes are enumerated, the more lamentable because unnecessary. They are preventable death, preventable sickness, preventable conditions of low physical and mental efficiency and preventable ignorance.

TO PROTECT MEXICAN BORDER.

CREEL AND BACON AGREE.

(ASSOCIATED PRESS DAY REPORT.)
WASHINGTON, July 14.—Ambassador Creel of Mexico, today, who was in conference with Acting Secretary of the State, Bacon, regarding the alleged violation of the neutrality laws along the Mexican border, was given along the most positive assurance of the intentions of the government to prosecute all neutrality offenders.

An increase of the army posts in the border is possible, as Mexico already has increased her intention of adding to the number.

An effort also will be made for a more liberal application of the extradition laws so that persons claiming immunity on the ground that charges against them are political, but who it is found afterwards have been guilty of participation in raids, may be extradited.

The situation in Central America generally also was discussed, and this government is also in thorough accord on the subject.

OBITUARY.

Gustav P. English.
CHICAGO, July 14.—Gustav P. English, news editor of the Associated Press, died of heart disease a short time after reaching his home here from Denver last evening. Mr. English had been in the city for several days, and he died of heart disease a short time after reaching his home here from Denver last evening. Mr. English had been in the city for several days, and he died of heart disease a short time after reaching his home here from Denver last evening.

Frederic Valerio.
SANTAGO (Chile) July 14.—Señor Frederic Valerio, a noted philanthropist and one of the richest men in Chile, died yesterday. He leaves the bulk of his great fortune to charity.

Mrs. David Roberts.
FORT DODGE (Iowa) July 14.—[Exclusive Dispatch.] Mrs. David Roberts, 80 years old, mother of George H. Roberts, recently director of the United States mint, now president of the Commercial National Bank, Chicago, died suddenly here today.

A. Martin.
HELENA (Mont.) July 14.—A special to the Record from Dillon, Montana, tells of the death of A. Martin, who located at Banck in 1865, when that city was a mud and gold camp and the center of the Territory. Martin was elected probate judge and held the office for years before he was a native of Ireland and 89 years old.

Lieut. Burr and Whitney, command-
ing a detachment of the Philippine con-
stabulary, attacked and stormed Cofa-
on the island of Mindanao, which was
occupied by the outlaw Uyan, on Fri-
day last. Fourteen of the outlaws were
killed and two guns captured. Lieut.
Burr was slightly wounded, and one
private was seriously wounded.

CLEVELAND.

President Writes to Widow
of Predecessor.

Tells of Renaming San Jacinto Forest.

Praises Foresight in Preserv-
ing Resources.

(ASSOCIATED PRESS NIGHT REPORT.)
OYSTER BAY, July 14.—President Roosevelt has written a letter to Mrs. Grover Cleveland, informing her of a proclamation he has signed changing the name of the San Jacinto National Forest to the Cleveland National Forest, in honor of the late former President. The letter is as follows:

"My Dear Mrs. Cleveland: It has been a privilege to me to sign a proclamation changing the name of the San Jacinto National Forest to the Cleveland National Forest, in honor of the late former President. The letter is as follows:

"On February 22, 1897, President Cleveland signed the deed of forest reservation, and the creation of San Jacinto and other forest reserves, with a total area of 25,658,820 acres was one of the results of his foresight in this direction. Throughout his life he took great interest in conserving the national resources of the nation, and I particularly regretted his inability to attend the meeting of the Governors in May, because that meeting was in part the fruit of seed he had sown years before.

"The name of Grover Cleveland will always be prominently identified with the movement to protect the forests of the United States, and it seemed to me eminently fitting that one of the great deeds of his life should bear his name throughout all time.

"Sincerely yours,
"THEODORE ROOSEVELT."

Commander of German "Sky" Bat-
talion Discusses Use of Aerial
Craft and Reckons Them of Doubt-
ful Service in Actual Hostilities.
Points to Be Settled.

(BY DIRECT WIRE TO THE TIMES.)
BERLIN, July 14.—[Exclusive Dispatch.] Maj. Gross, commander of the German aerial battalion in Berlin, before his departure for Friedrichshafen said: "Airships are like submarines. We build them hoping that they will be useful in time of war, but how far the hope is justified remains to be seen. Probably they will be useful for reconnaissance, especially in determining the strategic movements of the enemy, and in the equally important service of detecting what the enemy has failed to occupy. Their availability for actual hostilities is as yet a secondary consideration. The quantity of explosives they could carry is limited and their aim, except in cases of great masses of troops and large forts is doubtful. If they could be used to drop bombs, they would not hurt airships much, big guns shooting at a high range might be destructive."

Maj. Gross thinks that the most important points to be settled by Count Zeppelin's long flight are questions as to the degree of military power the balloon can maintain and the height to which it can ascend, the dirigibility being now simply a problem of power.

FIGHTING POLITICIAN MADE
FIRST LORD OF ADMIRALTY.

(SPECIAL CORRESPONDENCE OF THE TIMES.)

LONDON, June 27.—It is no secret that Reginald McKenna, who was president of the Board of Education in 1905, has been promoted to the post of First Lord of the Admiralty to get him out of the way. Not that this strenuous son of an Irish father is an undesirable colleague in the eyes of the new Prime Minister, on the contrary, he is looked upon, and with good reason, as one of the conspicuous successes of the late government. But what he is a born fighter. He does not know what the word compromise means, and these are days when the compromise is very much needed in the departments which Mr. McKenna has just vacated. This after only twelve years of parliamentarian life and at the unusually youthful age of 40.

In his school days the new Lord of the Admiralty was a famous athlete. He was educated at King's College, London, and Trinity Hall, Cambridge. At the latter institution besides winning a scholarship, he was high honors at mathematics, he was also a member of the university eight and winner of the Grand Stewards cups at Henley.

He was also a member of a very self-disciplined. When a youth he was troubled with a slight stammer. For years he labored for an hour every day and today the stammer never troubles him unless he is deeply moved. He keeps up his rowing even to this day, and he is a member of the rowing club at Henley.

BABY SEIZED IN BIG STORE.

Pittsburgh Mother, Shopping, Loses Child.
Inspects Husband, Standard Oil Employee.
Thinks He Hired Kidnapers to Steal Baby.

(BY DIRECT WIRE TO THE TIMES.)
 PITTSBURGH (Pa.) July 14.—(Exclusive Dispatch.)—Lester Ryan Lally, 34, was kidnapped from his mother's arms in a downtown department store this morning. It is suspected by Mrs. Lally, that her husband, William Lally, employed the man to kidnap the child. William Lally is connected with the Standard Oil Company in their New York office. Three years ago the Queen's County Court granted a separation from her husband, but a brother named Lally fought the separation and tried to get the child in the courtroom, but was defeated. Later he entered his wife's home and at the point of a knife secured the child and started to flee with it, but a brother named Lally caught him and wrested the child from him.

Mrs. Lally came to Pittsburgh and hid about, but wherever she went she was followed by strange men. Lally has appealed to her husband's parents and brothers to help him get the child, also to her husband's employers.

FOOTBALL TO BURGLARY.

Hamilton Caught While Trading Tray of Jewelry at Portland.

(ASSOCIATED PRESS DAY REPORT.)
 PORTLAND, July 14.—Fred Hamilton, arrested today after breaking into the windows of several jewelry stores and abstracting over \$1000 worth of jewelry, was taken to the north shore and is believed to be temporarily insane. Hamilton is an athlete of considerable ability and for two years was quarterback on the Multnomah football team. He is also a teacher in a school in Washington. He was caught while robbing a jewelry store in Portland. He was taken to the hospital and is now being treated for insanity.

MURDERER TRIAL CLOSING.

ADAM NOT REBUTED.

(ASSOCIATED PRESS DAY REPORT.)
 GRAND JURY (Colo.) July 14.—Without introducing any evidence to rebut Adam's alibi, the State today rested its case in Adam's trial on the charge of murdering Arthur Collins, a mine superintendent who was shot at Telluride on the night of November 13, 1932. Arguments of counsel would have been concluded tonight and the case was set for the jury to begin tomorrow morning. The jury had been in session since the night of the trial, and all arguments made except the closing for the defense.

MURDERER DIES AT 81.

POOR FINDS BODY.

(ASSOCIATED PRESS DAY REPORT.)
 BOSTON (Mass.) July 14.—A poor man, who yesterday shot and fatally wounded James Kirk, an aged man, was found dead on the floor of his room when the police which had arrested him last night forced an entrance today. Kirk is still alive, but in a critical condition. The man who shot Kirk was 81 years old and was found dead on the floor of his room when the police which had arrested him last night forced an entrance today.

MURDERERS PUNISH BURGLAR.

Part Sentence Given for Crime of Entering.

(BY DIRECT WIRE TO THE TIMES.)
 NEW YORK, July 14.—(Exclusive Dispatch.)—The juries of Port Salomon, who were themselves during the trial of a burglar who was captured in the act of entering the general store of Porto Salomon, yesterday sentenced him to a term of years. The juries were composed of long and distinguished members of the community. The burglar was found guilty of entering the store and was sentenced to a term of years.

PROBE HOMICIDE DEATH.

LOOKING FOR POISON.

(BY DIRECT WIRE TO THE TIMES.)
 NEWARK, July 14.—(Exclusive Dispatch.)—The jury that Godfrey Hiccup was indicted for the murder of a woman, who was found dead from poison, has been ordered to look for poison. The jury was composed of long and distinguished members of the community. The woman was found dead from poison and the jury was ordered to look for poison.

LIFE'S BEASTLY SIDE.

BABY SEIZED IN BIG STORE.

(BY DIRECT WIRE TO THE TIMES.)
 PITTSBURGH (Pa.) July 14.—(Exclusive Dispatch.)—Lester Ryan Lally, 34, was kidnapped from his mother's arms in a downtown department store this morning. DOG BITES WOMAN.

Mrs. A. E. Campbell of No. 1885 Cordova Street was attacked by a dog last night in front of her house and bitten on the left cheek. She was taken to the Receiving Hospital for treatment.

CRIME BRIEFS.

Negro Hanged by Mob.

(MIDTOWN (Tenn.) July 14.—High Jones, a negro was strung up by a mob of a hundred men. Jones had attempted to assault Mrs. Ora Yoppa, aged 17. He was being brought to Middletown by special deputies.

MILITIA SAVES NEGRO SLAYER.

RUSSELLVILLE (Ky.) July 14.—Rufus Broder, the negro slayer of James Cunningham, who escaped by hiding in the hands of a mob last night, was brought back to town this morning accompanied by a company of militia, and placed in jail.

THINK ALIA WILL HANG FRIDAY.

CANON CITY (Col.) July 14.—It is the general belief here that Giuseppe Alia, slayer of Father Leo Heinrich, will execute his crime, Friday night of this week. No information was given out by the prison officials as to the day or hour of Alia's execution, but it is believed that the sentence will be carried out until the last of the present week.

BOY HANGED FOR MURDER.

NEWCASTLE (Pa.) July 14.—Romario Zerge, 18 years old, was hanged today for the murder of Antonio Bonti at Hillville, June 8, 1937. The youth had been charged with having killed Bonti in self defense.

CHINATOWN FIGHT FATAL.

PHILADELPHIA, July 14.—One Chinaman was killed and two others were injured this afternoon in a pistol fight in Chinatown, the result of a quarrel among a group of Chinamen. After the firing ceased the fighting Chinamen disappeared. The police made three arrests.

SHERIFF EXONERATED FOR KILLING.

REDDING, July 14.—A Coroner's jury today completely exonerated Sheriff James L. Montgomery for killing Rene Rimbaud last evening at Keewick, finding that he acted not only in self defense, but in line with his duty as an officer of the law. Mrs. Rimbaud is in the County Jail with an eight-month-old baby to keep her company. She will be charged with retaining an officer and assault with a deadly weapon with intent to kill. Rene Rimbaud will be buried tomorrow in the potter's field.

HONORED.

GORGEOUS ARRAY OF GOLD LACE.

BRILLIANT SCENE WHEN TROPHY IS PRESENTED.

Company A of Seventh Regiment Gets Massive Silver Cup—Spectators Include Governor's Staff, Brigade Officers and Many Prominent Citizens.

There was a brilliant scene at the armory last evening when, in the presence of the Governor's staff, the brigade officers, the four companies of the First Battalion, all in uniform, and several hundred guests, Adj. Gen. J. B. Lauck presented to Co. A, the trophy recently awarded to that company as the best in the First Brigade. The trophy is a massive silver cup, twenty-four inches high and surmounted by a figure of Liberty, surrounded by thirteen stars. It is the property of the organization winning it three years in succession.

Troop C of Salinas won it twice, Company A of the Seventh Regiment captured it this year with the exceptionally fine record of 38 per cent. for attendance and inspection.

After formation and drill, the battalion was drawn up at parade, and Brig. Gen. Robert A. Wankowski made an address after congratulating Company A on winning the prize, he told the citizens present of the need of an adequate armory, which should belong to the city and the State. Present quarters, he said, are too small, and are held only from month to month by the grace of the landlord.

He stated that Los Angeles is one of the few cities of the country which does not own an armory, and that the guards, now a part of military establishment of the United States, need the support of the citizens in securing a home.

Adj. Gen. Lauck, in presenting the trophy, spoke of the increasing interest of the public in the National Guard and referred to the fact that when the great calamity fell upon San Francisco the First Brigade was among the first to report for duty.

The speaker said that now, under the law, the guards are in the first line of defense and that in case of war no volunteers can be enlisted until the National Guard has been placed in service.

Captain A. J. Copp, Jr. of Company A, received the cup and made a brief speech. George H. Stewart, president of the Chamber of Commerce, expressed his belief that the citizens would give the guards a home, as they deserve that much of the city.

IF YOU NEED A MEDICINE, YOU SHOULD HAVE THE BEST

We ask you to consider the fact that although there are hundreds of preparations advertised, there is only one that really stands out pre-eminent as a remedy for diseases of the kidneys, liver and bladder.

Swamp-Root

Dr. Kilmer's Swamp-Root stands the highest, for the reason that its remarkable curative power has been proven in thousands of even the most distressing cases.

Swamp-Root

Swamp-Root makes friends quickly because its mild and immediate effect is soon realized. It is a gentle, healing vegetable compound, a specialist's prescription for a special disease. Swamp-Root is not recommended for everything.

A Sworn Certificate of Purity is with every bottle.

For sale at all drug stores, in bottles of two sizes—fifty cents and one dollar.

SAMPLE BOTTLE FREE BY MAIL.

In order to prove what Swamp-Root, the great kidney, liver and bladder remedy will do for you, every reader of the Los Angeles Daily Times who has not already tried it, may receive a sample bottle by mail absolutely free.

Address Dr. Kilmer & Co., Binghamton, N. Y. Write today.

LABOR.

NO POLITICS IN NAVAL SERVICE.

Protest of Machinists' Union Is of No Avail.

President Refers Matter to Navy Department.

Mechanics Subject to Discharge for Activity.

(ASSOCIATED PRESS DAY REPORT.)
 NEW YORK, July 14.—District President of New York and vicinity of the International Association of Machinists has received the following reply from the Navy Department to a letter sent on his behalf to President Roosevelt in reference to the notice at the Brooklyn navy yard.

The notice stated that employees there who take an active part in politics will be discharged, and the union objected to the notice.

The President has referred to this department your letter requesting to be advised as to what constituted taking an active part in politics in violation of the civil service rules.

By executive order of June 15, 1937, Section 1 of Rule 1, of the civil service rules was amended to read as follows:

"No person in the civil service shall use his official authority or influence for the purpose of interfering with or obstructing the free exercise of the rights of any person in the competitive classified civil service, while retaining the right to vote, to discuss, to express privately their opinions on all political subjects, shall take no active part in political or political campaigns."

"At the request of the Civil Service Commission the department under date of May 14, 1938, issued instructions to the effect that laborers and mechanics at navy yards and naval stations will be subject to discharge for political activities in the same manner as competitive classified employees."

RARE CURIOS.

CALIFORNIA'S EARLY COINS.

HIGH PRICE PAID FOR THEM BY THE COLLECTORS.

A Brass Specimen Recently Sold in New York for a Half More Than the Value of the Gold Coin It Represented—Believed to Have Been Made for a Pattern.

(New York Sun.) The interest taken by coin collectors in everything that passed as money in the pioneer days of California was exemplified a short time ago when \$34 was paid for a circular piece of brass bearing an original design of a 32 gold piece and the name of Blake & Co. The date is 1824.

It was evidently the intention of this firm, which conducted a gold smelting and assaying establishment at Sacramento, to strike gold coins, but whether it ever carried out the plan is not known. No specimen of its design has ever been seen in gold.

The coin is particularly interesting for the reason that it represents the very last attempt by a private concern to issue gold pieces in California.

Trial pieces in various metals other than gold struck by private concerns in California form an interesting series. Some of the designs were superior to those on the coins regularly issued, and it may be that this very fact was the cause of their rejection, for it seems to have been the intention of some private coiners to imitate the regular issues as nearly as they could without getting into trouble.

A very fine series of pattern coins of original design embraced the denominations of \$20, \$10, \$5 and \$2.50. The chief obverse design showed the figure of Pallas, seated, gazing out through the Golden Gate, a miner with a pan in her left and a grizzly bear at her feet. The date below the figure was 1851.

Of this same series is another type showing an obverse bearing the head of Liberty surrounded by thirteen stars. These coins now exist in silver, copper and white metal, but are not known to have been struck in gold.

Another pattern \$5 piece, with the date 1851, shows a figure of a woman, the reverse is a double circle with the figure of a woman in the center and around the edge "California Gold Mines A.D. 1851." This piece is known only in silver and is rare.

A California \$2.50 piece of odd design was issued by T. Dubois at San Francisco in 1849, but is now known only in copper.

Dubois did strike gold coins of the denominations of \$2 and \$10, which are today of the highest rarity, but his quarter eagle is not known in gold.

An original design of an intended \$20 gold piece made its appearance in 1850. This showed as the main device a grizzly bear standing upright and embracing while around the border is "California Gold Mines A.D. 1850." A heraldic eagle on a wheat sheaf is shown on the reverse, about which are

SPORTING CARD

AT CHUTES PARK.

MANAGER LEHIGH ARRANGES AN ATHLETIC CARNIVAL.

Baseball Field Events, Wrestling Match, Ball Game and Boys' Sports to Be Held Off on the Diamond—Billy Biel to Meet Chief Middlebury, the Indian.

A big programme of sports has been prepared by Manager Lehigh for Chutes Park Sunday afternoon. Four field events for baseball players have been arranged, a game to be played between the Edison and Hoegess in the California League, two wrestling matches have been arranged, and field sports for boys will close the afternoon's programme in the ball park.

Billy Biel is to wrestle Chief Middlebury for the Southern California heavyweight championship. As there are no wrestling champions recognized to date, Manager Lehigh proposes to arbitrarily permit the men of various weights to wrestle it out, and the winner will be designated as champion. Biel has beaten all the white men he has gone against, and Middlebury has not been beaten here, his last match having been won from Starr Roberts.

The winner of this bout will be styled the heavyweight champion, and will be in a position to be challenged by other aspirants. Jack Hogan and Jack Lee are to challenge the winner Sunday.

The mat is to be placed in front of the grand stand, after the ball game, and a preliminary is to be carded between Fred Johnson and some one at 115 pounds, yet to be selected.

The field events will consist of some of those not pulled off last Sunday. There will be sprinting to first base, circling the bases, and throwing to the plate by the infielders. In addition there will be an open 100-yard dash for wall players. Members of the two teams playing and other ball players present are to compete.

After these events the Edison and Hoegess will meet in a regularly scheduled game of the California League. After the wrestling a bicycle race for boys and a 100-yard dash will be pulled off. All these events are to take place in the ball park.

TOO MANY SWEETS.

DOCTOR WARNS JOE GANS.

(BY DIRECT WIRE TO THE TIMES.)

SAN FRANCISCO, July 14.—[Exclusive Dispatch.] Joe Gans is now at Harbin Springs, in Lake county, where he starts tomorrow for a four days' hunting trip with some friends.

Joe left before he left here to check out the doctor who he consulted warned him against eating too many sweets, and told him he would have to watch his diet carefully. This medical advice may throw some light on why Joe couldn't hit as he used to, or why he failed to evade Nelson's blows.

San Francisco's manager, Freddie Welsh, arrived tonight from Los Angeles.

GRANEY LOSES CLOSE CONTEST.

Big League Southpaw Sent Back to Ripen.

Unable to Get Kink Out of His Wing in Time.

Los Angeles Tallies Five in Fifth Inning.

(BY DIRECT WIRE TO THE TIMES.)

PORTLAND (Or.) July 14.—[Exclusive Dispatch.] Portland's new southpaw, Jack Grane, got in bad today when he opened the series with Los Angeles. One bad inning gave the game to the visitors. The score was 5 to 1.

The fifth was the unhappy canto for the locals. Ellis was passed and Delmas laced one to right field which McCredie knocked about long enough to allow Ellis to reach third. Hogan then drove out a liner that Johnson picked up with one hand and threw Delmas out at first. Even this did not deter the Angels. Gray found a ball to his liking and leaned against for two bases and then Ellis raced home, scoring the first run. Bernard was hit by a pitched ball and Wheeler hit for two bases, chasing Gray and Bernard across the plate. Oakes hit a hot one to Grane and Wheeler took third. Brashers drove a fly to deep right center which Raftery managed to reach but failed to hold and two more runs were scored. Jud Smith was easy with a fly to Basesy and the swiftest was over.

Grane made a good impression, notwithstanding his hard luck in the fifth. He is not enough and seems to have a collection of mystifiers up his sleeve that can be used to good advantage during the series with the Angels.

Outside the one inning Los Angeles was never dangerous despite the wildness of Grane, for he walked six men and hit one. Gray was almost as bad, for he passed six Beavers. The homers did not have their usual luck in hitting and this accounts for their defeat.

Portland got a long bingle off Gray in the first six innings, yet scored two runs. The first was close to the score, Casey went out. Ryan was passed and stole second. Johnson also walked but Danzig smashed a corking single to center which gave Ryan a lead. Danzig's double and Casey's walk, and then took second on Basesy's sacrifice. Gray tried to catch the big flier off the bag, but threw wildly and Danzig raced to third. McCredie was a good waiter and the two then tried to pull off a double steal. Danzig scoring while the manager was being put out at second.

Los Angeles added another to the quintette made in the fifth when Oakes' double and Brashers' single gave the former an opportunity to score in the seventh.

Portland started a rally in the eighth and came close to tying the score. Ryan led off with a bunt which he beat out Raftery hit safely and Johnson scored Ryan with a drive over the fence. Danzig's double and Casey's walk, and then took second on Basesy's sacrifice. Gray tried to catch the big flier off the bag, but threw wildly and Danzig raced to third. McCredie was a good waiter and the two then tried to pull off a double steal. Danzig scoring while the manager was being put out at second.

Another slugging bee was started in the ninth, but as Madden was out at first, the rally was being sent in place of Whaling.

Dillon is still out of the game because of an injury down south. Nagle will pitch against Marshall tomorrow.

ERRORS ARE FATAL.

MANY RUNS ARE SCORED.

(BY DIRECT WIRE TO THE TIMES.)

SAN FRANCISCO, July 14.—[Exclusive Dispatch.] Four fatal errors, twice that number of bone-head plays, and a long line of hits of Tacoma Delmar, Buster Nocker and Outfielder Jimmy Smith, each of whom took a twirling trick, accounts for the 12-to-2 score by which San Francisco beat down the Oaklanders this afternoon at Freeman's Park.

Thanks to beautifully inconsistent fielding, his own wildness and some smashing drives of the Seals, Delmar lasted two innings. During that short period the returned San Francisco aggregation gathered in five runs. Nocker, a buxer, who pitched a couple of

NEW CHAMPION OF THE LIGHTWEIGHT CLASS.

YANKEES WIN TWO MEDALS.

Sheppard Takes Race from Disappointed English.

Flannagan Breaks Olympic Record for Hammer.

Small Crowds Indicate Big Financial Losses.

(ASSOCIATED PRESS NIGHT REPORT.)

LONDON, July 14.—America and Great Britain captured most of the laurels in the first real business today in the Olympic sports. Twice the Stars and Stripes fluttered to the top of the staff in the center of the arena, and the American enthusiasts, who monopolized a section of the stadium, waved their flags and sang in others which, in a smaller field, would have been deafening.

The honors were nearly even for four of the events finished. The United States and the United Kingdom each won two gold medals. Great Britain, however, took three silver medals, while America got only one. Canada, Australia, Great Britain and Belgium each obtained a bronze medal.

The Yankees had the hammer throw all to themselves, as had been expected, and the performance of John J. Flannagan, of the Irish-American A. C., in breaking the Olympic record with the hammer, and the almost equally good record made by M. J. McGrath of the New York A. C., were eye-openers to the foreigners.

M. W. Sheppard of the Irish-American A. C., however, did more spectacular work and aroused a greater degree of enthusiasm by crossing the tape ahead of his English rival in a dashing finish to the 100-meter run. This the Englishman had counted on, for Wilson or Holloway, no prospects conceding Americans better than third place.

To add to the satisfaction of the Americans, the judges announced that George W. Galask of the Chicago A. C. had done the best work in the fancy diving.

The British pedestrians had their own way in the 500-meter walk. There were no American competitors in this event.

The twenty-kilometer cycle race was the most cosmopolitan event of the day. L. G. Wiest of the New York A. C. made a desperate effort, but he was unable to secure a place in the final sprint. The eight riders were well bunched in the last lap, and it was only in the final 100 yards that the fight was decided.

The first three heats of the three-mile team race were interesting. The United Kingdom was pitted against Italy, Holland and Germany in the first, and in the second the Americans met teams representing Spain, France, Great Britain had a walk-over in the first heat, four members of her team running their opponents off their legs and coming under the wire alone to elbow in slow time.

The Americans set a faster pace in their heat, but on nearing the finish the Frenchmen, Bonaventura and the field, and the best the Americans could get was second and third place. The Canadians, who were expected to make a good showing in this race, failed to appear. The final will be contested tomorrow by the three first men of each team.

SIXTY-SEVEN HEATS.

The other interesting number on the programme today was the 400-yard cycle race, of which there were sixteen heats. Of this number the United Kingdom won six, France three and America one, her only entry being Cameron; Holland, Canada, Belgium and Germany one each, while one heat was void because the time limit was exceeded.

The game was as bewildering to watch as a three-ringed circus. At one time a dozen bicyclists were speeding along the outer edge of the oval, while twenty runners were racing on the cinder path just inside of it. Swimmers with bright colored caps were splashing in the long pool while on the green award within members of the Danish and German gymnastic clubs, arrayed in glaring white uniforms, were performing spectacular feats on the horizontal and parallel bars and giving exhibitions of callistic drills.

Judges, scorers, timers and rubbers of the many nationalities represented swarmed everywhere. The only disappointing feature of the exhibition was the lack of attendance. The enormous stadium, which was built for the accommodation of 70,000 persons, at the time of the day had less than 10,000. There were great banks of empty benches, and during the morning session there were only a few hundred persons gathered through the great expanse of chairs.

Considering the English devotion to sports and the generosity with which the public responded to the appeal for \$20,000 by subscription, the small attendance is surprising.

The weather today was discouraging to sport. It continued threatening to rain and a few light showers fell.

Unless the attendance greatly increases the public interest in the Olympic games will be a heavy loss.

The Irish athletes have expressed dissatisfaction because the Olympic commission has refused to allow them to enter a separate team, on the ground that Ireland is not a nation, thereby compelling them to compete as a part of the British team.

The Finns were anxious to parade under the Finnish flag, but as they requested to be allowed to carry it was vetoed by the Russian officials, the Finnish contingent was the only one that appeared yesterday in the procession without a flag, as they would not display the Russian colors.

The committee will consider the American protest against the eligibility of Tom Longboat, the Canadian Indian runner, tomorrow, but it is believed they will stand by the ground that it was not properly presented.

May Sutton Wins.

SAN FRANCISCO, July 14.—May Sutton and her partners won in the doubles this afternoon at the California Tennis Courts. The scores were: Miss Sutton and Gladys Myers against Mrs. Bruce and Mrs. Harvey Elliott, 6-4, 6-1; Miss Sutton and Maurice McLaughlin against Mrs. Bruce and Carl Gardner, 6-2, 7-5.

Win in Rifle Shoot.

DISLEY, July 14.—Major Martin was fourth in the Halford Memorial Rifle Shooting Contest here today. His score was 144. Session also an American, scored 141. Both won small prizes.

Battling Nelson

whose recent victory over Joe Gans at San Francisco makes the Dane premier of his class.

NEXT TENNIS TOURNAMENT.

LARGE ENTRY LIST FOR POTTER MEET.

MAURICE McLAUGHLIN, Pacific Coast and State singles champion; George Janes, Pacific Coast champion with McLaughlin in doubles and also former Coast champion; and Robert Strachan, Pacific Coast junior champion, all of San Francisco, yesterday entered their names in the Potter tournament to open at Santa Barbara tomorrow, and with the top-notchers from Southern California, indicate that the coming tournament at the Channel City courts should be a good one.

Miss May Sutton, who has been playing exhibition matches at San Rafael in the journey now in progress there, is to appear in the Santa Barbara matches to play in the ladies' and mixed doubles.

Seven of the first ten men players on the Coast will be present, including Maurice McLaughlin, Melville H. Long, A. E. Bell, Carl Gardner, Tom C. Bundy, George Janes and S. M. Sinsabaugh.

The following players are already entered for the tourney, and a number of others local and central State players have signified their intention to participate: Maurice K. McLaughlin, Pacific Coast and State champion; Melville H. Long, ex-Pacific Coast champion; Albert T. Spaulding, ex-Pacific Coast champion; University of California and Santa Barbara tourney champion; Carl G. Gardner, ex-Pacific Coast champion; and Robert Strachan, Pacific Coast junior champion, and who also beat Dawson, Rogers and Cavston last year at Del Monte; Tom Bundy of Los Angeles, winner of Coronado, Virginia and Ocean Park tournaments this year, and who defeated McLaughlin at Ojai last year; Alphonso E. Bell, ex-Coast, Southern California champion; Charles Rogers of Los Angeles, Southern California interscholastic champion; Harry Rogers of Los Angeles, Ralph Nole of Santa Ana, Robert Pictor of Pasadena, William A. Sheldon of Azusa, Simpson M. Sinsabaugh of Los Angeles, Harvey C. Condit champion, and present Coast champion with McLaughlin in doubles; Robert Strachan, Pacific Coast junior champion, and who also beat Dawson, Rogers and Cavston last year at Del Monte; Tom Bundy of Los Angeles, winner of Coronado, Virginia and Ocean Park tournaments this year, and who defeated McLaughlin at Ojai last year; Alphonso E. Bell, ex-Coast, Southern California champion; Charles Rogers of Los Angeles, Southern California interscholastic champion; Harry Rogers of Los Angeles, Ralph Nole of Santa Ana, Robert Pictor of Pasadena, William A. Sheldon of Azusa, Simpson M. Sinsabaugh of Los Angeles, Harvey C. Condit champion, and present Coast champion with McLaughlin in doubles; Robert Strachan, Pacific Coast junior champion, and who also beat Dawson, Rogers and Cavston last year at Del Monte; Tom Bundy of Los Angeles, winner of Coronado, Virginia and Ocean Park tournaments this year, and who defeated McLaughlin at Ojai last year; Alphonso E. Selling only at Fort's.

FOR SALE—
WENTWORTH LAKE FOR 1934
I own a 1934 Buick sedan and a 1935
Ford coupe. WENTWORTH PARK
Just north of Sherman Park, on high ground,
about 1/2 mile from the lake. 100 ft. from
Lake. Modern street work; sewer, water,
gas, electric. 100 ft. of frontage on
lake. Five houses now building on same block.
I am near at hand, but if anyone builds
nearby, I will be glad to sell. I am
not interested in all such a price. See
JACKSON, N.W., owner of 40 and Broadway,
for more details.

FOR SALE—LOTS
I will give a rich bargain in the first
class lots on the corner of 40 and
Louis; well located, close in, street work
sewer all in place. Call Table 24 or 25
for sale.

—ALSO—
A full lot on Ave. 11, West Adams Terrace;
street work done, it's a fine one and view
of the lake. Call Table 24 or 25 for
money and will make convenient. See owner
J. M. WATWOOD, 601 W. W. Madison
avenue, Phone Main 17.

EVENTS IN LOCAL SOCIETY.

MISS LOUISE BURKE of Berkeley square was hostess yesterday afternoon at an informal luncheon given as a compliment to members of a card club to which she belongs. Covers were laid for Mrs. Nat Wiltshire, Mrs. Walter Leeds, Mrs. John V. G. Posey, Mrs. Leo Chandler, Mrs. Elmer Walles, Miss Grace Melius, Miss Amy Brunswick, Miss Rae Johnson, Miss Katherine Mellus, Miss Bri Conroy and Miss Inez Clark.

In San Francisco.
Mrs. A. J. Howard of No. 1440 Wilton Place has closed her home for the summer, and will spend several months in San Francisco with her son, Volney Howard. She was accompanied by her youngest son, Herbert.

Auto Trip.
J. Benton Van Nuy and James Page spent the week end at Arrowhead Hot Springs with Mr. Van Nuy's parents, Mr. and Mrs. I. N. Van Nuy, who are visiting there. The trip was made in a motor car.

Garden Party.
One of the delights of the week end and will be the garden party to be given by members of the Theta Sigma Gamma Society at the home of Miss Anita Mathis, "Fernwood," South Pasadena. Many novel features have been planned for the entertainment of the guests, who will number about sixty. Among the hostesses will be Miss Margaret Shearer, Miss Ruth Holder, Miss Belle Hutchinson and Miss Mabel Watkins.

Summer Outing.
Mr. and Mrs. Fred Barman are spending their vacation at Arrowhead.

Surprise Evening.
The "Haviland," the home of Mr. and Mrs. J. A. Arrington at Sunset Beach, was the scene of much merry-making recently, when friends of their daughter gave her a surprise party. Music and dancing were enjoyed, and later refreshments were served. The guests included Miss Hazel Sparring, Miss Olive Bernhart, Miss Frank Hall, Miss Dorothy Hael, Miss Verogue Baker, Miss Francis Lottis, Miss Ida Law, Miss Ethel Morin, Miss Gwendolin Lawton, Miss Yvonne

J. B. Lamb, and Miss Courtleigh Bigelow. The afternoon a collation was served.

Dinner Party.
The Misses Eleanor and Agnes Marie Noonan, who are visiting Mrs. Gavi Witherston of Pasadena, and who have been much entertained, were guests of honor Monday evening at a dinner party given by Misses Helen and Katherine Collins of Bonnie Brae street. Covers were laid for ten. Corroquia and ferns were the decorations. Miss Agnes Noonan delighted the company with readings. Last evening the Misses Noonan were again complimented. The affair was in the nature of a farewell, as the young ladies have planned to leave for their home today. The host and hostess were Mr. and Mrs. Harry L. Knight of No. 617 Pasadena avenue.

Luncheon.
Mrs. C. Q. Stanton of No. 766 Whittier street yesterday afternoon gave a luncheon of twelve covers. The table was ornamented in pink and green and ivy leaves mounted on cards marked places for Mrs. James Harvey Adams, Mrs. James B. Grady, Mrs. William M. Lewis, Mrs. W. L. Graves, Mrs. W. W. Phillips of Fresno, Mrs. John W. Kemp, Mrs. Henry Howard, Mrs. Andrew Stewart Lobinger, Mrs. Jefferson D. Gibbs, Mrs. Bessie McGee of Redondo and Miss Katherine Ebbert.

Los Angeles, Cal.

A public meeting of Flagstaff, Ariz. has called upon the Cochino County Supervisors to erect in that city a manual training school, to cost about \$14,000.

James Carter was severely hurt near Camp Verde last week while blasting stumps from a roadway. Struck in the face by flying gravel, his sight was threatened by serious injury to his only good eye, the other eye, one of sleep being smothered, as well.

At a meeting of the Arizona Wool Growers' Association, lately held in Flagstaff, E. S. Gomeroy was elected president, succeeding T. E. Pollock, who became vice-president. F. W. Perkins was chosen secretary-treasurer. Most of the discussion concerned the relation of the sheep growers to the government and a committee was appointed to meet here September 1 with representatives of the Reclamation Service and Forestry Service.

AN ARIZONA MATRYCKE?
Mrs. William England is being held in jail at Flagstaff, without privilege of bail, charged with the murder of her husband, while Charles Holz is under \$5000 bond, charged with being an accessory. At the preliminary examination it was shown that England had died of strychnine poisoning and that strychnine had been purchased by the woman a short time before her husband's mysterious death.

Friday night, in a Granite-street grocery, with a single rifle shot, accidentally fired, Bartolo Segueleros, a woodchopper, killed Modesto Acosta, a gambler, and badly wounded Martin Segueleros, a miner. Segueleros, standing before the bar, was investigating the mechanism of a rifle which he had picked up in the saloon. As he sat under the circumstances, there was a cartridge in the magazine. The bullet tore through Acosta's right leg, cutting the femoral artery, and then passed through the fleshy part of Cisneros's left leg. The men were all close friends.

At Winslow, Juan Ortega murdered his wife last week, stabbing her in the neck with a butcher knife, the wound being downward, almost to the woman's heart. The only witness was the six-year-old daughter of the pair. Ortega tried to escape, but was run down by City Marshal Hester. After the marshal had fired several shots at the fugitive.

In May, at Ash Fork, a railroad train killed a young man, believed to have been named Brooks, from Massachusetts. Mrs. Etta Martin of Denver

RAILROADS.

NEW PLEASURE TRIP PROMISED.

CARS MAY RUN TO LONG WHARF BY END OF WEEK.

Los Angeles-Pacific Repairing Old Steam Line to Port Los Angeles. Thirty to Forty Cars of Petroleum Hauled Daily from Sherman Field-Nevada Road.

The Los Angeles-Pacific expects to run cars to the end of the long wharf by Saturday or Sunday, making that a holiday feature. A 10-cent fare may be charged from Santa Monica and from this city 10 cents. Within a few weeks it is probable that the double track from Santa Monica to Port Los Angeles will be in shape. It will then be necessary to repair the wash race and cut down the weeds on the all steam road to make it available for the use of electric cars.

Movement of Oil.

From thirty to forty carloads of petroleum are hauled daily from the Sherman field—chiefly to Redondo. A city with an oil cargo about every few days. At present only a few of the big tanks can be moved in a tank, but when the freight mogule cars, at least ten can be hauled at once. An ordinary tank holds from 10 to 15 barrels and "jumbo" 25 barrels.

Nevada Railroad Merger.

W. S. Alberger, traffic manager of the Tonopah and Tidewater Railroad, arrived yesterday from the East, where he arranged the details of the merger of the Bullfrog Goldfield Railroad with his line. He left last night for Nevada and will perfect plans for the operation of the lines under one management.

Nevada Passenger Rates.

The Salt Lake and the Las Vegas and Tonopah have presented to the Nevada State Railroad Commission a petition against any reduction of passenger fares at this time. Officials say that the fare is too high and the cost of running too low to allow a profit at the present rates. The charge is now 4 cents on the Salt Lake main line and 10 cents on the Las Vegas and Tonopah line. This is less than was charged by roads in the mining district, which at one time demanded 10 cents.

The Tonopah and Tidewater was not expected to make a reduction. Most of the original line is in California, but the Bullfrog Goldfield, it has a Nevada mileage.

New Passenger Depots.

The Las Vegas and Tonopah has made an hotel at Goldfield for its proposed passenger depot, which is to be the terminus in the State. The company has a very pretty new station at Goldfield.

Traveling Agents to Meet.

William Joyce, district deputy of the American Association of Traveling Agents, has issued a circular letter advising members of the association to be held at Seattle, September 11 and 12. Special Pullmans will be provided if wanted and the Pacific Coast Steamship Company has agreed to place a vessel at the disposal of the association for the trip to Puget Sound.

RAISES ROAD BONDS.

State Engineer Compliments Los Angeles in Preparation for Sealing Good Highways.

George F. Swain, for the past twenty years professor of engineering at the Massachusetts Institute of Technology, was at the Westminster Hotel yesterday afternoon, preparing to take the train for his home. "I came out for amusement," he says, "and did some fishing. I mean that you have a big road here. That is a step in the right direction. Monthly says, you know, that we

Prof. George F. Swain, State Engineer, who says we will be ahead by our roads in the future.

He made the civilization of a nation a road, and in that respect the United States is certainly still far ahead. We have done scarcely nothing in the way of road building in our country, and we are taking it up now. We will all do some road building.

"I have planned much work ahead. In Alaska we have millions of acres of grazing lands at present, exclusively the home of wild animals; but if we could create a new animal from the old wild stock, crossed with our domestic cattle, there would be boundless possibilities. The world's supply would be insured for many generations to come."

"Another thought of mine is to cross the horse with the zebra, and the offspring will be of special value in the Southern States—for the zebra will stand tremendous heat."

"Buffalo" Jones, the Animal Wizard.

He has just come to Los Angeles from the government experimental ranch in Arizona, where he is fulfilling an early vow by aiding in the perpetuation of the American bison, and where he has achieved other successes.

REGENERATION.

BRINGS BACK NOBLE BISON.

"BUFFALO" JONES FULFILLING VOW MADE LONG AGO.

Historic Character Now Here Tails of Experiments With the Animals That Roved the Plains Years Ago. Has Bred New Sheep, Too, of Wonderful Worth.

"Buffalo" Jones is fulfilling his vow. He said so yesterday on his arrival in Los Angeles. The facts about "new arrivals" related by Jones, are of absorbing interest, and of unusual importance to science.

This "vow" that he is fulfilling is to replace the buffalo by a new animal bred on the old wild stock, crossed with Galloway or other black domestic stock. He now has 100 head of "cattle," as he has named the new breed. They run the wild range in the Buckskin Mountains of Arizona.

Jones is also breeding other strange, but useful animals. He has developed a species of sheep, which, he says, often weigh 250 pounds, at 18 months of age. Telling about it, the old plainsman said:

"Years ago, I killed buffaloes by the thousands. I realized that it was wrong, and made a promise with my conscience to do what I could to restore this noble brute. I am now succeeding better than I expected."

"Buffalo" Jones, whose name of C. J. Jones, and whose home address is Garden City, Kan., is a personal friend of President Roosevelt, and Jones was one of the President's hunting party in the Yellowstone in 1903. Jones is a fearless trapper and hunter, and, strange as it appears, seldom uses a rifle. He prefers to "rope" the mountain lion, going right into the cave, if necessary, lariet in hand, and swiftly and unerringly bringing the wild beast to death. His skill in roping and dragging mountain lions out of high places is little short of miraculous.

This clear-eyed pioneer and plainsman, "Buffalo" Jones, is now of national interest, because he is officially in charge of the government breeding range, known as the Grand Cañon, in the Buckskin Mountains. The tract is 8000 feet above sea level, and is just about 200 miles from nowhere—that is, after reaching Lund, you travel 200 miles on horseback, into the heart of the wilderness, and there you are.

This is the home of the new animal types, and here in the remote and inaccessible wilds, "Buffalo" Jones is coming along famously with his new species of sheep, and of buffalo-cattle, and is meditating on the horse-zebra, mule-ox-cow, and still other types stranger than anything ever dreamed by the scientists.

"Buffalo" Jones's success with a new sheep, called by him "Persian," is attracting attention in all parts of the world. "It is," he says, "the result of crossing Persian broadbills with large Merinos, and the new sheep is nearly twice as large as the parent kind, with very long fleeces that is cut twice a year."

"This new sheep is very hardy. It will go for sixty days, if forced, without water. You wonder at this? Not at all. Perhaps you do not know that they carry on their rumps twenty-five to forty pounds of 'surplus,' affording a means of livelihood in times of drought. In this respect the new sheep is like the buffalo and the camel, and is consequently suited for a hard, rough life on a bleak, sparse range."

"The new sheep is twice as large as the original Persian, on both sides, and its fleece weighs the first year 200 pounds. Some of the new sheep weigh 250 pounds at 18 months of age."

MEXICAN OIL THE ISSUE.

Believed That Angelenos Are Negotiating Important Deal With Waters-Pierce Company.

That an important deal in Mexican oil is under way in New York is believed from the presence there of E. L. Doherty and C. A. Canfield, who are conferring with the officials of the Waters-Pierce Oil Company.

This concern is known to need Mexican oil to meet the competition of the Pearsons in the refining line and the Mexican Petroleum and Huasteca companies, of which Messrs. Doherty and Canfield are president and vice-president, respectively, have the only producing field available in the republic. Once before the Waters-Pierce company sought to buy, and failed. It is understood, however, that the Los Angeles men have always stood ready to furnish oil to the Standard Mexican branch whenever desired; in fact, it has generally been supposed that some such arrangement had been made informally. That something is "in the wind" is shown by the fact that Mr. Canfield, after reaching New York, summoned Mr. Doherty by wire. Notwithstanding the recent announcement that a division of territory had been made between the Waters-Pierce and the Pearsons, the latter, according to latest reports, are selling refined products for the first time in Mexico City. The Pearsons intend to compete not only with the Waters-Pierce in refined oils, but also with the Mexican Petroleum in selling crude fuel and asphalt.

Ruby Gets Flowing Well.

The Ruby Oil Company, of which Jacob M. Danziger, C. A. Canfield and other Angelenos are members, has struck a flowing well at 1120 feet on the northeast twenty acres of section 21-11-24 in Sunset. It is a light oil and started to flow Friday night.

Merit Talks in This Great Sale

Wood Bros. Summer Cleanup Sale

Fine Hand-Tailored Clothing

The eagerness of the public to secure these garments proves how fully the people appreciate fair methods, true values and honest representations. Had we been conducting a discount, quarter-off or bargain-counter sale every day throughout the season, such flattering results would not have been possible. It is this principle that renders Wood Bros. Clean-Up Sale

The One Big Clothing Event of the Year

1/4 OFF

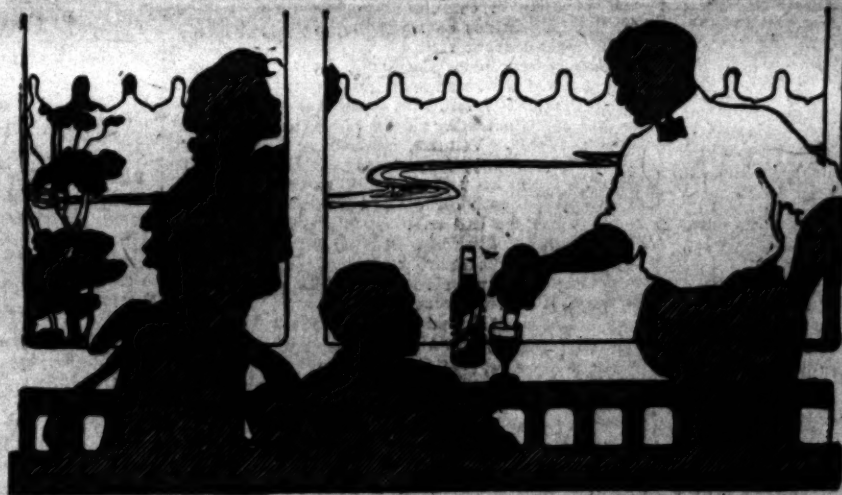

On Everything in the House Except Dress Suits Blacks, Blues, All Up-to-Date Mixtures and Fashionable Novelties

We carry only the finest Hand-Tailored Clothing that money can buy. You run no risk of getting cheap clothes made and provided for continuous "bargains." Certain broken lots, values up to \$30, as long as they last at \$14.50.

Wood Bros.

The Clothes That Please

343-345 South Spring St.

THE ALCOHOL in beer is a trifle—only 3 1/2 per cent. The effective ingredients are barley and hops—a food and a tonic. Pure beer is both good and good for you.

In Germany, Holland, Sweden, Denmark and Austria beer is the national beverage. Nearly all people, of all ages, drink it.

And all the world envies their sturdy strength.

Every doctor knows how beer benefits. If you need more strength or vitality he will prescribe it.

But be careful to choose a pure beer, else you get harm with the good. And select a beer well aged to avoid biliousness.

The way to be sure is to order Schlitz. We go to extremes in cleanliness. We even filter the air that cools it. We age it for months. We sterilize every bottle. Schlitz has no after effects.

The Beer That Made Milwaukee Famous

Ask for the Brewery Bottling. Common beer is sometimes substituted for Schlitz. To avoid being imposed upon, see that the cork or crown is branded Schlitz.

Highland says: "We are bound to have the top line for our favorite, Miss 'Gladys'—the top line for the first of Trilby. Pomona is determined to have it for Thomas McKinley and Pasadena Alice is equally determined to annex for her own, while Santa Barbara has an opinion in the matter. Hollywood is taking a hand this time."

Name

Address

DIRECTIONS—Write name of pupil favored for a scholarship on dotted line and forward coupon to the scholarship manager, Times Office, Los Angeles, Cal.

Points not credited to the student unless cash accompanies the order. To make sure students get proper credit for the points, remit direct to The Times or give the money to the student you wish to favor.

The two Pasadena boys have started out to get the business. They have put in some splendid strokes lately and are much higher up this morning than they have ever been before. The lads scored nearly 2000 points each yesterday, with several new subscriptions to their credit. Leon Riesenweber is a rising star in the contest. He entered late but has made quick work of gaining a standing.

Glenn Anderson of Pasadena aspires to become a newspaper man some day. This is an inherited ambition, as his childhood days were spent in the newspaper office of his grandfather, Capt. E. G. Rust, who has been a veteran in the newspaper business in Texas since 1880. Glenn wishes to be properly equipped for the career he has chosen and is working hard to secure a scholarship in Throop Polytechnic studies.

Besides the valuable scholarships for which the young people are working, the college offers fifteen cash prizes for those making the highest scores next to the top liner, who will receive the prize plan. The cash prizes for placing first are arranged as follows:

No. 1	\$200
No. 2	140
No. 3	125
No. 4	110
No. 5	100
No. 6	90
No. 7	80
No. 8	75
No. 9	70
No. 10	65
No. 11	60
No. 12	55
No. 13	50
No. 14	45
No. 15	40

The first prize to be awarded to the winner of the contest in addition to a choice of scholarships is a splendid Holbanks piano from the Southern California Music Company, valued at \$400. It is a beautiful instrument of superior construction, handled by an old and reliable company as a special feature, and is doubly guaranteed. It is known among musicians for its exquisite tonal qualities and responsive action. The case may be of rich

Below is a partial list of the scholarships offered to contestants. It will be increased from time to time, as a number of other institutions will be included. The scholarships below represent a valuation of \$2865.

NEWS REPORTS FROM CORRESPONDENTS OF THE TIMES.

WONDROUS KIND. SYMPATHETIC IS MARRIED MAN.

WENT AWAY WITH GIRL WHO IS
UNHAPPY AT HOME.

Went to Be Kind to the
Woman Who Loves His Wife
and Children Behind—Charge of
Kidnaping Laid Against Him at
San Bernardino.

WENT AWAY WITH THE GIRL
MRS. BARBARA, July 14.—[Exclu-
sive Dispatch.] Ivan N. Searle, aged
35, married and with two chil-
dren, was charged with kidnaping
the girl, Barbara, daughter of
J. Searle, a prominent rancher of
San Bernardino.

The girl defended the
charge and had been beaten by
her father and otherwise ill-treated
until she escaped with Searle.
Searle, the defendant, and spent
the night at San Bernardino. Then
he fled to Ventura, where he passed
the night with Mrs. Searle, who was
arrested.

The girl and the girl declare that
they were together. The man
was in the upper end of the
house.

MISSED THE DOVES.
Eleven-year-old Anselita Vasquez
was shot through the fleshy part of
his right arm this morning by another
boy, who was hunting doves about 100
yards away in the general wash.

BIG CONTRACT.
The Corona Pressed Brick Company
has the contract to furnish the city of
Los Angeles with fire bricks for lining
the cement kilns at the aqueduct station
near the city. There were six
other bidders. The contract requires
about \$5000 worth of material.

LODGE OFFICERS.
Crown Encampment, I.O.O.F., in-
stalled officers last evening. The
acting officers being District Deputy R.
Huntington, District Deputy A. T.
Hoffman, C. P.; D. G. Baer, S. W.;
M. Sapp, H. P.; C. J. Slatten, J. W.;
L. H. Dawson, Scribe; E. L. Strowger,
G. E. Bortz, E. Marinko, W. D. Ly-
man, first, second, third and fourth
Watchers; D. H. Alden, first G. of T.;
J. B. Gooch, second G. of T.;
J. M. Newberg, San Bernardino, in-
stalled officers in the local Odd Fel-
lows lodge Saturday night, with O. P.
Hall as N. G.; Virgil Blair, V. G.; M.
Sapp, Secretary; Robert Brown,
N. G.; Frank Dunham, L. S. N. G.;
L. H. Dawson, R. V. G.; E. Marinko,
R. V. G.; E. L. Strowger, Scribe; C.
Slatten, Warden; A. Watts, Conductor;
Thomas Carey, I. G.; O. H. Cobb, O.
G.; W. E. Johnson, L. B. R.; L. Kirby,
R. S. R.; C. E. Boettcher, Musical
Director; J. B. Gooch, V. H. Blair, M. Sapp
and Ed Donofey, local Odd Fellows,
went to Redlands today by auto to
attend the dedication of the Odd Fel-
lows' building.

NEW FACTORY.
Eastern parties are considering Cor-
ona as the site for a new factory for
the manufacture of all kinds of clay
products.

CHESTER GARNER will leave Thursday
for Banning, where he is to work for
five months under J. M. Dull, United
States deputy surveyor.

CLAY DEVELOPMENT.
Chester Garner has just completed a
quarter-mile of mountain road, which
he built to his clay beds south-
west of town. A tunnel has been
driven twenty-five feet into the clay
beds.

Other clay development is on the
McVicar-Terpening claims, where two
tunnels have been run in 100 feet.

J. R. Harris and wife arrived from
Barborton, O., last evening. Mr. Har-
ris came here to act as chief engineer
of the Pacific Clay Manufacturing
Company's plant.

About thirty parties, including the
Methodist Philanthropes and Barons,
went to Los Angeles to attend the
lecture of Bishop Warner of India.

Mrs. H. D. Roberts left Sunday for
San Bernardino.

STRUCK BY ENGINE.
North Cucamonga Woman is Severely
Hurt While Walking Along the
Santa Fe Track.

UPLAND, July 14.—With two wounds
on the head and a much lacerated left
arm, Mrs. Mary Stipes of North Cucamonga
was brought here this evening,
after having been struck by an
engine on the Santa Fe Railroad. Dr.
Craig had to use ten stitches to bring
together the skin above the left ear.

Mrs. Stipes, umbrella over her head,
was walking along the track near
North Cucamonga, where she lived.
She failed to hear the train coming
behind her and she asserts that the
engineer did not sound the whistle.

The train crossed just ahead of the
driving wheel struck her on the side
of the face and made the severe gash
which required the ten stitches.

BANNING.
The Board of Supervisors has ordered
four miles of the Banning-Idyllwild
mountain road constructed. This road
will enable the Southern Pacific Rail-
road to bid for a part of the tourist
business now done by the Santa Fe.
The road now goes to the Santa Fe, via Hemet.

Resourceful Wives.
"I am told that your husband plays
billiards every night at the club-
house for money, too," said the anxious
mother to her newly-married daughter.

"That's all right, mother," cheerfully
replied the young wife. "He gives
me all his winnings."

"What? Do you mean that?"
"And he always plays with Mr. Next-
door."

"What difference can that make?"
"Mrs. Nextdoor makes her husband
give her his winnings, too, and she
gives the money to me and I hand her
what my husband won from her, and
so we both have about twice as much
money as we could get out of them
otherwise." (Chicago Journal.)

WHERE? BOARDS TRAIN, SEEN NO MORE.

SAN BERNARDINO MAN VANISHES
MYSTERIOUSLY.

Broken-Hearted Wife Appeals to
Sheriff to Help Trace Spouse Who
She Feels May Have Met With
Foul Play—Traction Manager
Resigns.

[BY DIRECT WIRE TO THE TIMES.]
SAN BERNARDINO, July 14.—[Exclu-
sive Dispatch.] A. M. Olsen, fore-
man of the fire box department of the
Santa Fe shops, has been missing for
fifteen days. His broken-hearted wife
today reported the matter to the Sher-
iff, after failing herself to find any
trace of him. Olsen left Point Rich-
mond for this city June 23. Last
Wednesday his wife followed him, both
having been with the train in the north.
When she reached here she learned of
his disappearance.

The last seen of him was at Fresno
on June 26, when he left William Has-
son, a friend with whom he had spent
the night, to take the train at 2:40 a.m.
Mrs. Olsen fears foul play.

As Adeline Birch, the young wife
was well known in this city. Olsen's
father is Martin Olsen, a shoe mer-
chant of Sierra Madre.

DENMAN TO RESIGN.
A. C. Denman, Jr., who, since the
San Bernardino Vasey Traction Com-
pany was completed, has been its
president, and more recently the gen-
eral manager, tonight confirmed the
rumor that he would resign August 1,
severing all official connection with
the Huntington properties, to take the
management of his father's extensive
citrus interests at Redlands. This
news comes as a surprise here. The
successor will be designated by Mr.
Huntington, and probably will be a
Los Angeles man.

Rumor is rife here that Denman's
resignation is a direct victory for the
Fisher interests. The several years
have been at open war with the
former. As one method of warfare,
the Fishers organized an independent
railway, which is bidding now to Riv-
erside. It is believed here that Hun-
tington has compromised the row to
prevent further activity on the part
of the Fisher railway, which might
have meant a terrible electric railway
fight, involving all Southern California.

WAGNER GETS IT.
Walter D. Wagner, County Auditor,
has been elected secretary of the Board
of Railroad Commissioners, to suc-
ceed the late J. C. Brule, who died
recently at Los Angeles. Ernest
Hammer, Wagner's brother-in-law,
will be appointed to the position. Wag-
ner's new position carries a salary
of \$2400.

SHOCKINGLY BURNED.
Thomas Phillips, census taker for
this city, was burned in a shocking
manner about the face and hands this
morning on the San Bernardino Moun-
tains by the explosion of a can in
which he was cooking coffee.

PLANE BIG PURCHASE.
The city is considering the purchase
of 525 acres of water-bearing land,
comprising the Ferguson ranch, north-
west of here. If secured, it will be
used as a basis of the city's future water
supply. It is so situated that it de-
veloped thereon can be conveyed by
gravity to the city reservoir and sup-
plied to the distribution system with-
out the need of artificial pressure. The
purchase price is \$75,000.

VALENTINES AS EXHIBITS.
Love letters and valentines furnished
the bulk of testimony introduced
against G. W. Wagner of Los Angeles
today, in his trial on a charge of ob-
taining money under false pretenses
from Mrs. Balle Daniels. The exhibits
had been sent to Mrs. Daniels by Wag-
ner from New Orleans after he had
disappeared with her \$500, which she
pressed upon him, supposing that with
the money he would hasten her up-
stairs. His departure resulted in the dis-
covery that he has a wife at Los An-
geles. The trial will be resumed to-
morrow.

W. Lennon, charged with grand lar-
ceny for having stolen \$5 from Harri-
son Bents, was found guilty this after-
noon of petty larceny, and sentenced
by Judge Hildesoe to six months in the
County Jail. During the trial Bents
pleaded one of the exhibits in the
case was a purse from which Lennon had
stolen the money, and a bench warrant for
his arrest was issued before the ex-
hibit could be recovered.

MERRY WAR.
The Los Angeles Trust Company and the
Jeffries company of Los Angeles are
engaged in a merry war here to
land the contract for lithographing
the city's new street bonds. The former
concern bid \$250, while the latter put
in a bid of \$300. Both bid charges of
fraud back and forth, and in a row
last night before the City Council, the
representatives of each furnished much
amusement. The matter of making an
award went over until the next meet-
ing.

SAN JACINTO.
SAN JACINTO, July 14.—Bonds to
the amount of \$1000 have been issued
by the Little Lake school district for
the purpose of enlarging the present
building.

H. R. Krumler is building a five-room
cottage on Hewitt street, to cost \$1800.
Work has been resumed on the Mag-
nette mine, southwest of San Jacinto,
near Winchester. A large day force
is now employed and it is reported the
new company will rush development
by adding a night shift.

Winchester is all excitement over
the announcement that the Cawston
Ostrich Company is about to establish
the ostrich ranch in the world
in that village. The company recently
purchased the Laidlaw ranch of 70
acres and it is reported will erect
and establish extensive breeding quar-
ters. Machinery is on the ground for
sinking wells and a pumping plant
will be put in to furnish water for alfalfa
and other green feed crops.

Prof. T. T. Waterman, of the State
University at Berkeley, is best known
for the valley securing Indian handiwork
for the Smithsonian institute at Washington. Baskets of a
very ancient make, arrow
points, bows, etc., were obtained in
wagon loads, practically depleting the
villages of the best of the ancient
curios.

While trying out a spirited horse,
which he hopes to ride during the re-
view of the National Guard on Thurs-
day at Sea Girt, N. J., Gov. Franklin
Porter of that State was thrown heav-
ily on the Sea Girt parade ground, re-
ceiving painful bruises. The animal
was frightened by the playing of the
band, and plunged until the Governor
was thrown off. When Gov. Porter
found that he was not seriously hurt,
he remounted and rode around the pa-
rade ground.

PLUCKY. ENGINEER ACTS PART OF HERO.

PREVENTS SERIOUS WRECK BY
PRESERVE OF MIND.

When Side Rod of Engine Breaks
at Cucamonga, Angeleno, Though
Painfully Injured, Remains at His
Post and Brings Train to Stand-
still.

COLTON, July 14.—[Exclusive Dis-
patch.] Southern Pacific local passen-
ger train No. 22, due here from Los
Angeles, 7:15 p.m., was delayed for sev-
eral hours this evening about one mile
west of Cucamonga, by the breaking
of the side rod on the engine. The
air pump was demolished and one side
of the cab torn away.

Engineer Rotzler of Los Angeles, was
painfully cut about the head, sustained
a deep cut in the leg and received
numerous bruises. He was brought to
Colton Hospital for treatment.

Only the presence of mind of the en-
gineer prevented a serious wreck. The
train was slowing down for Cucamonga
gas station, when the side rod broke in
the train, puncturing a large hole in
the boiler.

Instantly the engine was enveloped in
escaping steam. The train jumped at
the first indication of danger, escap-
ing uninjured. Engineer Rotzler
was painfully cut about the head, sustained
a deep cut in the leg and received
numerous bruises. He was brought to
Colton Hospital for treatment.

CHAMBERLAIN'S COLIC, CHOLERA AND DIARRHÆA CURE

A few doses of this remedy will in-
variably cure an ordinary attack of
diarrhœa.

It can always be depended upon,
even in the most severe cases of
colic, cholera and cholera infantum.
It is equally successful for summer
diarrhœa, and is the means of saving
the lives of many children each year.
When taken with water and
sweetened it is pleasant to take.
Every man of a family should keep
this remedy in his home. Buy it now.
Price, 25c. LARSEN, 25c.

THE REAL LIFE
Is a Life With
Vitality and Manhood

There are hundreds
of good-looking
men who are not
what they should be.
What's the matter?
Come out in the world and be
a man.

You have only
one life—make that
a real one.

If you are weak,
you are not fit to
live. You are not
fit to live. You are
not fit to live. You
are not fit to live.

Electricity is vitality. It's the only
real, plain, natural way of restoring
strength to a weak man.

Drugs arouse and then deaden the
sensitive nervous organism. They dull
the brain and make you feel as if you
were not fit to live. They make you
feel as if you were not fit to live.

Call and see what a real electric
bath is, and we will give you a free
test. The name is an expert electrician
and gives the proper
treatment, thus putting the organs in a
normal condition, when the weak-
ness disappears, which was only a
temporary trouble.

ATTORNEY PLEADS.
Attorney Wilfred M. Peck of Los
Angeles pleaded not guilty today to
the charge of forging fictitious names
to a \$500 check payable on the First
National Bank here last March. His
trial was set for September 23. At-
torney E. J. Fleming of Los Angeles
appeared for him.

CONDEMNATION SUITS.
Two more condemnation suits have
been brought by the Los Angeles In-
ter-urban Railway Company against
property owners along the line of the
right of way from this city to the site
of the Southern California Sugar Com-
pany's factory. The defendants are
Maria C. Hill and Eliza J. Cordell, each
owner of a fifty-foot lot.

The county clerk today brought suit
against Frank Simpson, owner of an
orange grove northwest of Orange, to
collect \$115.40 due for the fumigation
of his trees by Robert Hayes, under
the order of the County Board of Hor-
ticultural Commissioners. Today the
Board of Supervisors instructed Dis-
cuss. Davis to file a lien on the prop-
erty.

HOW TO BE BEAUTIFUL
Inexpensive But Good Home Preparation
for the Complexion.

Two ounces of Rose Water, one
ounce of Cologne Spirits and 4 ounces
of Epsomite (skin food) will make a
face wash that whitens, softens and
beautifies the complexion and yet does
not cause a particle of harm if used
daily for years. Any druggist will
sell you the articles needed in making
this fine preparation. Put the Epsom-
ite in a pint of hot water (not boil-
ing) and after it has dissolved strain
and let cool, then add the Rose Water
and Cologne Spirits. Women who use
this face wash say they would not
think of buying artificial coloring,
rouges or cosmetics. The Epsomite
tones up the skin and gentle massag-
ing brings out the natural color of
youth. This preparation removes or
removes freckles, tan and sunburn.
It repels dirt and dirt and elimin-
ates every bit of the shine or gloss
of perspiration. This face wash will
not rub off or show and its use cannot
be detected. While this recipe is
simple, it is better to cut it out and file
it for future reference rather than
trust to memory.

I Treat Men Only

It is not a mere matter of business with me
when I treat you for your life. I make a per-
sonal study of the entire medical prob-
lem of the patient. I treat every case
to cure quickly, permanently. My ex-
perience has been in the treatment of
all the diseases of men. I make my charges very low.
Examinations are free. Consultation
free. No charge for medicine. I guarantee
to do everything I say I will. If you suffer
from any ailment, come to me and I will
cure you at once. Everything strictly private.

DR. MORTON
5161 SOUTH SPRING STREET
